Crypto FAQ

Is my money secure?

Your security is our priority. Optivon Fundriax uses bank-grade encryption, two-factor authentication (2FA), and cold storage for digital assets. We comply with strict financial regulations in Philippines and undergo regular audits. Funds are insured against unauthorized access, so you can trade with confidence.

Is crypto-trading complicated?

Not at all! Optivon Fundriax is built for beginners:

- Step-by-step guides and 24/7 support
- Demo to practice using virtual funds
- Automated tools that handle the heavy lifting for you.
- Start small (from just) and learn while you trade!

How fast are withdrawals?

Bank card withdrawals are processed within 1-3 business days in most regions. Crypto withdrawals to external wallets are usually completed in under 30 minutes. Processing times may vary based on your bank and verification status.
