Swift Finance Bank's Previous Record

More than 15 years experience

Over the past 15 years, Swift Finance Bank Plc. has evolved from an obscure British Bank into a world-class financial institution. Today, we are one of the largest banks in UK in terms of assets, loans, deposits and branch network; a feat which has been achieved through a robust long-term approach to client solutions – providing committed and innovative advice. Swift Finance Bank has built its strength and success in corporate banking and is now applying that expertise to the personal and business banking platforms. Swift Finance Bank is focused on mainstreaming sustainable business practices into its operations. The Bank strives to deliver sustainable economic growth that is profitable, environmentally responsible, and socially relevant.

Testimonial

Philip Felps (Engineer)

Working with BrokerDefense.net has been a great experience. They have helped me with my credit and they have the best banking offers. They are the best in all of US.

Anita Lugard (Teacher)

The representative helping me was amazing. I didn't get my loan but she also advised me to get my credit back. No other financial institution would have done that for me.
